The Honorable Jack Reed
Ranking Member, Committee on Armed Services
United States Senate

Dear Senator Reed:

Thank you for your letter, jointly signed by Senator Elizabeth Warren, requesting that the Government Accountability Office review potential threats to national security resulting from the impacts of climate change on defense contractors and the defense supply chain and the extent to which the Department of Defense addresses climate change and other environmental risks during the contracting process.

GAO accepts your request as work that is within the scope of its authority. At the current time we anticipate that staff with the required skills will be available to initiate an engagement in about three months. Your request has been assigned to Ms. Cathleen A. Berrick, Managing Director, Defense Capabilities and Management. Closer to the time GAO can start this engagement, Ms. Berrick or a member of her team will contact Mr. John Quirk to confirm that this request continues to be your priority for us. As applicable, we will also be in contact with the cognizant Inspector General's office to ensure that we are not duplicating efforts. If an issue arises during this coordination, we will consult with you regarding its resolution.

If you have any questions, please contact Ms. Berrick at 202-512-3404 or berrickc@gao.gov, Ms. Tina Won Sherman, Assistant Director, Congressional Relations, on my staff at 202-512-8461 or shermant@gao.gov.

Sincerely yours,
