The Honorable Elizabeth Warren
The Honorable Ron Wyden
The Honorable Charles E. Schumer
United States Senate
Washington, DC 20510

Dear Senators Warren, Wyden, and Schumer:

I write on behalf of Autonomous Power Corporation, doing business as Powerus ("**Powerus**"), in response to your letter dated July 6, 2026 to Andrew Fox, Powerus's Chief Executive Officer, concerning the settlement agreement announced by the Department of Justice in May 2026 (the "**Settlement Agreement**"). Powerus appreciates your inquiry, and I respond to each of your questions in turn below.

1. Powerus was not a party to the Settlement Agreement and had no role in its negotiation. We understand the Settlement Agreement is publicly available, and its terms speak for themselves. Powerus has not taken, and does not take, any position on whether it is among the "related or affiliated" parties referenced in the Settlement Agreement, or on the scope or effect of the Settlement Agreement, including whether it would provide Powerus any protection from audits, civil penalties, or federal prosecution.
2. Powerus is not under any federal investigation or audit relating to any matters occurring before May 19, 2026.
3. Powerus has not been the subject of any federal civil or criminal investigation. Accordingly, the federal government has not ended any such investigation of Powerus since May 19, 2026, nor has it signaled that it will do so.
4. Powerus likewise has not been the subject of any federal audit. Accordingly, the federal government has not ended any audit of Powerus since May 19, 2026, nor has it signaled that it will do so.
5. Neither Powerus nor, to my knowledge, any of its executives or any lobbyist acting on its behalf have had any communications with the Department of Justice, the White House, or any other federal agency regarding the Settlement Agreement, whether before or after it was signed.

We trust this responds to your inquiry. Please direct any further correspondence regarding this matter to my attention.

Sincerely,

Signed by:
